

# BRAKE CHAMBER 2018

Independent Aftermarket Company

**FOR EUROPEAN COMMERCIAL VEHICLES**

NOTE: All previous editions are no longer valid after new published catalogue.

Products sold by AUGER are not original parts but they are interchangeable with them and they are sold under our brand.

All original equipment manufacturers (OEM) numbers, symbols and descriptions are used for identifications purpose only. They will not be used in delivery notes or invoice to our customers.

We cannot accept any responsibility for errors which may occur from the printing etc. This catalogue is not permitted to be reprinted or duplicated even partially without our prior written permission.

We reserve the right to make technical changes and design modifications.

The information provided in this catalogue has been researched and prepared with utmost care. However specifications, descriptions and illustrative material contained herein are subject to possible changes without notice. We do not accept liability for any errors in this issue.

AUGER frequently updates and improves its products. AUGER may discontinue to offer or modify its products at any time. Please consult your AUGER country representative for specific product information.

The brand AUGER® is a registered and protected trademark.  
Registration numbers are; CTM 14965834, M 2014 00939, DE 302014055048

Explanation of the used terms in this catalogue;

**Replaces:** The spare part which shown is a product of AUGER® brand, it can be used instead of the original spare part of the vehicle manufacturer.

**Replaces No with "S" letter:** The spare part which shown is differs from the original spare part or repair kit but it is still interchangeable with them. Please pay attention product descriptions or ask your country representative for these differences.

**Suitable for:** The spare part which shown is suitable for the listed vehicles, models, product types etc.

Thank you for choosing AUGER products.

# R&D AND TEST CENTRE

Within AUGER's company structure, the procedures handled at the R&D and Test Centre are supervised and managed by experienced engineers who have gathered to provide the best services to the customers.

According to the results arising from the customers located in various continents and the market research, the products we plan to obtain for our product portfolio are delivered to our engineers. The engineers, who know the details of each product very well, thoroughly examine the products and perform tests to find out where and how products operate. Following the detailed analysis of products, we proceed with further developments to ensure that we manufacture high quality products.

# WAREHOUSES

Auger provides fast and timely services to its partners with its warehouses and offices in Germany, Russia and Romania in order to be able to store high volume stocks and to meet deadlines.

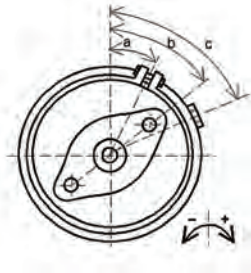

# LOGISTICS

Auger's distribution network effectively and closely interacts with its customers therefore Auger is one step ahead of its competitors in terms of fast delivery of products and customer satisfaction.
